Coin and medal collections brought together with care and dedication over a number of years inevitably meet with a warm reception when dispersed to a fresh generation of numismatists. This pattern is sure to be repeated here, when pieces from three important collections change hands.

The first 123 lots are devoted to the collection of English hammered coins formed by C.L.B. Herriot. Mr Herriot first collected coins as a young man, specialising in the British Colonial series because British coins were then out of his financial reach. About 35 years ago he sold his collection to raise funds to invest in a business venture, which proved very successful. Mr Herriot began this, his second collection, 25 years ago, buying pieces selectively for their good portraits and attractive toning – a glance at the catalogue shows that he has what is known colloquially as ‘a good eye for a coin’ and the quality speaks for itself. Quite apart from a superb Charles I Oxford unite (lot 107), other pieces worthy of mention include a most attractive James I double-crown (lot 83), a well-struck Elizabeth I silver crown (lot 80) and, in the Anglo-Saxon and Norman group, no less than eight coins of Gloucestershire mints, including two of Winchcombe (lots 23 and 40). Now in retirement, Mr Herriot has decided that the time has come to sell his coins and allow others the joy and pleasure of being the future custodians of them.

Over 330 lots in the day's second and third sessions are devoted to Part I of the ‘Norwich’ collection – coins of Scotland, Ireland, Anglo-Gallic and regal French issues. This collection was formed largely between 1970 and 1985 by a North American individual who endeavoured to buy the best and patronised a wide variety of sources, mostly in the USA. Prominent among these were the New England collector-dealers Richard August and the now-retired Robert ‘Bob’ Vlack, although many other pieces were acquired from auctions held by Bowers & Ruddy, Alex Malloy, Jess Peters and Joseph Lepczyk. The Scottish highlight is an exceptional Charles II half-dollar, 1675 (lot 692), arguably the finest example of this rare type available to commerce. In the Irish group are no less than three Morbiducci patterns of 1927 (lots 797-9), including the halfcrown on the front cover originally owned by King Farouk. The Anglo-Gallic group is the best of its kind to have appeared in a London sale for many years and features a particularly fine double hardi d'argent of Henry IV (lot 921), while the French series is characterised by a number of quality pieces from the early Napoleonic period, some modern piedforts and essais and a few French Colonial coins.

Elsewhere in the large British section are attractive five-guineas of 1687 and 1709 (lots 219 and 247), an unusually fine James II two-guineas (lot 220) and a large run of George III guineas and fractions (lots 289-357). World coins include what is probably only the second known gold ducat countermarked for use in Batavia to have been sold by auction (lot 1122) and a very rare South African proof farthing, 1926 (lot 1203).

Several rarities also grace the section of British tokens, including attractive examples of the Puddington halfpenny (lot 1295) and the elusive Dudley farthing of Thomas Jones (lot 1318), while tickets and passes are headed by an unusual beggars badge from Northern Ireland (lot 1358). Thirty-four lots of British medals from the collection of James Spencer, separately introduced inside the catalogue, precede medals from other properties, among which is the Royal Scottish Academy medal awarded to the famous 19th century artist John Linnell (lot 1527) and a rare medal for William and Mary's Coronation festival in Amsterdam (lot 1428).

Banknotes of merit include a B.G. Catterns £100, 1932 (lot 1666), a K.O. Peppiatt specimen five-pounds, 1947 (lot 1676) and a good run of provincials (lots 1687-1719).

The patterns entered by the Roman sculptor Publio Morbiducci (1889-1963) for the competition to design Ireland's new money in 1928, in which he was ultimately unsuccessful, have, as Gerard Brady stated, 'an ageless character and beauty.' Struck by the Milanese medallists Lorioli Castelli (now Lorioli Fratelli), the precise numbers of pieces which exist are uncertain, although the best previously published estimates were by Brady in 1976. Of the other silver halfcrowns, two are in the complete sets owned by the National Museum of Ireland since 1927, a third was in the set owned by Brady himself (Millennial Collection, 29 April 2000, lot 449, ex Morbiducci archive, 1976), a fourth, slabbed in a PCGS holder and graded SP 62, was offered in SNC February 2004 (IM 626, £7,500), a fifth was in a mixed metal set reputed to have been owned at one time by Major A.W. Foster and was certainly in the possession of Baldwin's in the 1970s, and a sixth was in a different mixed metal set of nine coins in a green leather case offered for sale by Patrick Finn on behalf of Spink in December 1981 for £40,000, also reputed to be ex Morbiducci archive. Sold with PNG certificate of title signed by Jess Peters, 26 May 1972. See front cover

Minor hairlines, some light spotting under EIREANN and has been lightly lacquered, otherwise brilliant and practically as struck, of the highest rarity, only three specimens known (£3,000-4,000)

James Spencer

James Spencer was born in 1946 into a family of auctioneers based at Retford, Nottinghamshire. The family firm, Henry Spencer & Sons, founded in 1840, bore the name of his great-grandfather. James' father, Rupert Spencer, had developed the fine arts side of the firm, so James grew up in an atmosphere that was conducive to collecting.

When he was 8 years old, James acquired his first coin. The family had stopped in Gloucester en route to a holiday in Cornwall, when James spotted what turned out to be a Victorian crown dated 1889 in 'about fine' condition in the window of a general antique shop. This acquisition led him to develop an interest in coins and he continued to collect through his schooldays at York and while at university in Cambridge.

Graduating in 1969, James joined Christie's in London, where he subsequently transferred into the Chinese art department. Although greatly absorbed in Chinese art, especially ceramics, he never lost his interest in numismatics, although his focus had turned increasingly to military medals.

In 1978 he joined the board of Christie's and, possessed of sufficient means, began to collect the medals he liked most of all, namely "anything really rare and interesting, especially if it's never been published." This interest encompassed all the categories he is now selling, so the collection as it stands has been put together over the last 25 years. In 1989 James moved to Taiwan to take up the post of curator at a private museum of Chinese art, but he continued to follow the medal market closely, purchasing pieces from dealers and auctions in England on a regular basis.

James' only regret is that, in a busy life mostly spent overseas, he has never had time to do much research on the medals in his collection; he hopes that those who buy them "will make up for this deficiency." With this in mind, the cataloguer has described them in as much detail as commercial considerations allow.

The pieces in the following 34 lots represent but a fraction of the Spencer commemorative medal holdings, but they are particularly commended to those interested in the sports of archery, bowling, boxing, cricket and croquet, as well as the world of dogs and dog shows. There is even the opportunity to acquire a world champion's medal, in the form of the 1938 award to Mrs Weston Martyr (lot 1383).

For the record, it should be pointed out that military-related and other medals from the Spencer collection were sold by DNW on 16 December 2003 and 2 April 2004, with more to be offered on 6 July. Part B of the Spencer collection of commemoratives will be offered by DNW in December 2004.

The tale of Argus, Ulysses' dog in Homer's *Odyssey*, is the story of a dog's devotion, trust in his master, the power of hope and the endurance of love. As a young man, Ulysses was called to war with the Trojans. Leaving his kingdom of Ithaca, he promised to return as quickly as possible to his wife Penelope, young son Telemachus and his beloved dog Argus. The war was long, the journey home treacherous, and 20 years passed before Ulysses returned to Ithaca. Shortly before he arrived home, Ulysses disguised himself as a beggar, for to appear as the long-lost king, who all believed dead, would have brought danger to his family. Arriving at his estate, Ulysses came upon a white dog spent with age who he recognized as his beloved Argus. Despite a 20-year separation and his master's disguise, Argus immediately recognized him. Upon hearing Ulysses' voice, Argus weakly lifted his head, cocked his ears and struggled to rise. Ulysses bent down to cradle his faithful companion's muzzle in his hands, renewing a bond that spanned 20 years; the ever-faithful dog, his patience and loyalty rewarded, his bond with Ulysses restored, died in peace. It is therefore with great gratification that I learn that its merits are recognized and acknowledged by persons so competent to judge as the members of your Society.'

John Linnell (1792-1882) was possibly the most successful artist in the early Victorian era in purely financial terms, eclipsing even Constable and Turner in terms of the amount paid for his works. He was born in London, the son of a carver and gilder and general art dealer, and studied under John Varley with William Henry Hunt and William Mulready. He entered the Royal Academy Schools in 1805 under the patronage of Benjamin West, and exhibited at the Academy from then until his death, although he had retired to Redhill, Surrey, in 1852. He was the last patron of William Blake (1759-1827), and his daughter, Hannah, married Samuel Palmer in 1837. His artistic archive was acquired by the Fitzwilliam Museum, Cambridge, in 2000. DNW 58, 1534). *Good very fine, of particular Scottish interest; in maroon velvet-lined fitted case (£60-80)*

The Hozier Engineering Co Ltd was established by Alex Govan (1869-1907), a motor engineer, and the financier W.A. Smith, in Hozier street, Glasgow, in 1899. Govan's particular expertise was in selling and servicing French cars – De Dions, Renaults and Darracqs – and his first car, the Argyll, a voiturette with a De Dion engine, was launched to the Scottish motoring public in June 1900. Govan was a great believer in the value of motor sport for increasing brand exposure and in a five-day reliability trial run by the RAC in 1901 the Argyll was the only car to finish unpenalised. He also entered cars in the annual Tourist Trophy races on the Isle of Man, with a modicum of success which was translated into a full order book – by 1904 the factory was working round the clock to produce 25 cars a week. In 1905 Hozier Engineering was liquidated and a new company, Argyll Motors Ltd, established with £500,000 working capital. A new factory at Alexandria, on the banks of Loch Lomond, was opened by Lord Montagu in 1906, with the capacity to produce 2,500 cars a year but, despite Argyll mass-producing more cars than every other manufacturer except Ford in Detroit, this figure was never achieved. The decisive blow came in June 1907 when Govan died of a heart attack and the company went into liquidation the following year. Sold with much further documentation, including illustrations of the Argyll Motor Works at Alexandria and of Argyll cars. Illustration reduced

IMPORTANT INFORMATION FOR BUYERS

Absentee Bids

If instructed we will execute bids and advise intending purchasers. No charge is made for this service. Lots will always be bought as cheaply as is allowed by such other bids and reserves as are on our books. In the event of identical bids, the earliest will take precedence. Always indicate a 'top limit' – the amount to which you would bid if you were attending the auction yourself. 'Buy' or unlimited bids will not be accepted.

All bids must be confirmed in writing, by fax or e-mail and should be received by 6pm GMT on the day before the auction. Although we will endeavour to execute all late bids, Dix Noonan Webb cannot accept responsibility for any bids received on the day of the auction itself.

Commission Form

Further advice to bidders and purchasers may be found on the commission form included with this catalogue. Please use this form when sending bids to us.

Buyers' Premium

A buyers' premium of 15 percent on the hammer price (plus VAT if resident in the European Union) is payable by the buyer of all lots.

Pre-sale Estimates

The pre-sale estimates are intended as a guide for prospective purchasers. Any bid between the listed figures would, in our opinion, offer a fair chance of success. However all lots, depending on the degree of competition, can realise prices either above or below the listed estimates.

Methods of Payment

All payments must be made in pounds sterling.

Payment may be made by transfer direct to Dix Noonan Webb's account at:

Lloyds TSB

Piccadilly London Branch

39 Piccadilly

London W1J 0AA

Sort Code: 30-96-64

Account No: 0622865

Swift Code: LOYDGB2L

Please include your name, account number and invoice number with the instructions to the bank.

Alternative methods of payment which will enable immediate clearance of purchases include cash, bankers drafts, credit cards (Master Card, Visa and American Express) and debit cards. Although personal and company cheques are accepted, buyers are advised that property will not be released until such cheques have cleared.

Please note that we will not accept cash payments in excess of £8,000 (eight thousand pounds) in settlement for purchases made at any one auction.

Purchases will be despatched as soon as possible upon receipt of your written despatch instructions and full payment in pounds sterling for the lots you have bought. Carriage will be at the buyer's expense. Estimates and advice on all methods of despatch can be provided upon request.

All credit card payments are subject to an additional charge of 2 percent.

Insurance cover will be arranged unless otherwise specified and will be added to the carriage charge.

Clearance of Purchases

Buyers who have not established a credit arrangement with Dix Noonan Webb will be asked to pay for their purchases in pounds sterling when they wish to take possession of them. It is regretted that Dix Noonan Webb cannot take banker's references over the telephone at the time of clearance and that buyers cannot take possession of their purchases until cheques are cleared.

If buyers wish to pay for their purchases by cheque they are urged to arrange clearance of their cheques well in advance of the sale by supplying appropriate banker's references.

Buyers will be requested to supply a reasonable means of identification at the time of payment.

Lots will only be released to the purchaser, or his or her authorised representative, if full payment in pounds sterling has been received by Dix Noonan Webb, together with settlement of any charges due.

CONDITIONS OF BUSINESS

Conditions mainly concerning Buyers

1 The buyer

The highest bidder shall be the buyer at the 'hammer price' and any dispute shall be settled at the auctioneer's absolute discretion. Every bidder shall be deemed to act as principal unless there is in force a written acknowledgement by Dix Noonan Webb that he acts as agent on behalf of a named principal.

2 Minimum increment

The auctioneer shall have the right to refuse any bid which does not exceed the previous bid by at least 5 percent or by such other proportion as the auctioneer shall in his absolute discretion direct.

3 The premium

The buyer shall pay to Dix Noonan Webb a premium of 15 percent on the 'hammer price' and agrees that Dix Noonan Webb, when acting as agent for the seller, may also receive commission from the seller in accordance with Condition 15.

4 Value Added Tax (VAT)

The buyers' premium is subject to the current rate of Value Added Tax if the purchaser is resident in the European Union.

5 Payment

Immediately a lot is sold the buyer shall:

(a) give to Dix Noonan Webb his or her name and address and, if so requested, proof of identity; and

(b) pay to Dix Noonan Webb the 'total amount due' in pounds sterling (unless credit terms have been agreed with Dix Noonan Webb before the auction). Please note that we will not accept cash payments in excess of £8,000 (eight thousand pounds) in settlement for purchases made at any one auction.

6 Dix Noonan Webb may, at its absolute discretion, agree credit terms with the buyer before an auction under which the buyer will be entitled to take possession of lots purchased up to an agreed amount in value in advance of payment by a determined future date of the 'total amount due'.

7 Any payments by a buyer to Dix Noonan Webb may be applied by Dix Noonan Webb towards any sums owing from that buyer to Dix Noonan Webb on any account whatever, without regard to any directions of the buyer, his or her agent, whether expressed or implied.

8 Collection of purchases

The ownership of the lot(s) purchased shall not pass to the buyer until he or she has made payment in full to Dix Noonan Webb of the 'total amount due' in pounds sterling.

9 (a) The buyer shall at his or her own expense take away the lot(s) purchased not later than 5 working days after the day of the auction but (unless credit terms have been agreed in accordance with Condition 7) not before payment to Dix Noonan Webb of the 'total amount due'.

(b) The buyer shall be responsible for any removal, storage and insurance charges on any lot not taken

away within 5 working days after the day of the auction.

(c) The packing and handling of purchased lots by Dix Noonan Webb staff is undertaken solely as a courtesy to clients and, in the case of fragile articles, will be undertaken only at Dix Noonan Webb's discretion. In no event will Dix Noonan Webb be liable for damage to glass or frames, regardless of the cause.

10 Buyers' responsibilities for lots purchased

The buyer will be responsible for loss or damage to lots purchased from the time of collection or the expiry of 5 working days after the day of the auction, whichever is the sooner. Neither Dix Noonan Webb nor its servants or agents shall thereafter be responsible for any loss or damage of any kind, whether caused by negligence or otherwise, while any lot is in its custody or under its control.

11 Remedies for non-payment or failure to collect purchase

If any lot is not paid for in full and taken away in accordance with Conditions 6 and 10, or if there is any other breach of either of those Conditions, Dix Noonan Webb as agent of the seller shall, at its absolute discretion and without prejudice to any other rights it may have, be entitled to exercise one or more of the following rights and remedies:

(a) to proceed against the buyer for damages for breach of contract.

(b) to rescind the sale of that or any other lots sold to the defaulting buyer at the same or any other auction.

(c) to re-sell the lot or cause it to be re-sold by public auction or private sale and the defaulting buyer shall pay to Dix Noonan Webb any resulting deficiency in the 'total amount due' (after deduction of any part payment and addition of re-sale costs) and any surplus shall belong to the seller.

(d) to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, either at Dix Noonan Webb premises or elsewhere.

(e) to charge interest at a rate not exceeding 2 percent per month on the 'total amount due' to the extent it remains unpaid for more than 5 working days after the day of the auction.

(f) to retain that or any other lot sold to the same buyer at the sale or any other auction and release it only after payment of the 'total amount due'.

(g) to reject or ignore any bids made by or on behalf of the defaulting buyer at any future auctions or obtaining a deposit before accepting any bids in future.

(h) to apply any proceeds of sale then due or at any time thereafter becoming due to the defaulting buyer towards settlement of the 'total amount due' and to exercise a lien on any property of the defaulting buyer which is in Dix Noonan Webb's possession for any purpose.

12 Liability of Dix Noonan Webb and sellers

(a) Goods auctioned are usually of some age. All

goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for identification only. Buyers should satisfy themselves prior to the sale as to the condition of each lot and should exercise and rely on their own judgement as to whether the lot accords with its description. Subject to the obligations accepted by Dix Noonan Webb under this Condition, none of the seller, Dix Noonan Webb, its servants or agents is responsible for errors of descriptions or for the genuineness or authenticity of any lot. No warranty whatever is given by Dix Noonan Webb, its servants or agents, or any seller to any buyer in respect of any lot and any express or implied conditions or warranties are hereby excluded.

(b) Any lot which proves to be a 'deliberate forgery' may be returned by the buyer to Dix Noonan Webb within 15 days of the date of the auction in the same condition in which it was at the time of the auction, accompanied by a statement of defects, the number of the lot, and the date of the auction at which it was purchased. If Dix Noonan Webb is satisfied that the item is a 'deliberate forgery' and that the buyer has and is able to transfer a good and marketable title to the lot free from any third party claims, the sale will be set aside and any amount paid in respect of the lot will be refunded, provided that the buyer shall have no rights under this Condition if:

(i) the description in the catalogue at the date of the sale was in accordance with the then generally accepted opinion of scholars and experts or fairly indicated that there was a conflict of such opinion; or

(ii) the only method of establishing at the date of publication of the catalogue that the lot was a 'deliberate forgery' was by means of scientific processes not generally accepted for use until after publication of the catalogue or a process which was unreasonably expensive or impractical.

(c) A buyer's claim under this Condition shall be limited to any amount paid in respect of the lot and shall not extend to any loss or damage suffered or expense incurred by him or her.

(d) The benefit of the Condition shall not be assignable and shall rest solely and exclusively in the buyer who, for the purpose of this condition, shall be and only be the person to whom the original invoice is made out by Dix Noonan Webb in respect of the lot sold.

Conditions mainly concerning Sellers and Consignors

13 Warranty of title and availability

The seller warrants to Dix Noonan Webb and to the buyer that he or she is the true owner of the property or is properly authorised to sell the property by the true owner and is able to transfer good and marketable title to the property free from any third party claims. The seller will indemnify Dix Noonan Webb, its servants and agents and the buyer against any loss or damage suffered by either in consequence or any breach on the part of the seller.

14 Reserves

The seller shall be entitled to place prior to the

auction a reserve on any lot, being the minimum 'hammer price' at which that lot may be treated as sold. A reserve once placed by the seller shall not be changed without the consent of Dix Noonan Webb. Dix Noonan Webb may at their option sell at a 'hammer price' below the reserve but in any such cases the sale proceeds to which the seller is entitled shall be the same as they would have been had the sale been at the reserve. Where a reserve has been placed, only the auctioneer may bid on behalf of the seller.

15 Authority to deduct commission and expenses

The seller authorises Dix Noonan Webb to deduct commission at the 'stated rate' and 'expenses' from the 'hammer price' and acknowledges Dix Noonan Webb's right to retain the premium payable by the buyer.

16 Rescission of sale

If before Dix Noonan Webb remit the 'sale proceeds' to the seller, the buyer makes a claim to rescind the sale that is appropriate and Dix Noonan Webb is of the opinion that the claim is justified, Dix Noonan Webb is authorised to rescind the sale and refund to the buyer any amount paid to Dix Noonan Webb in respect of the lot.

17 Payment of sale proceeds

Dix Noonan Webb shall remit the 'sale proceeds' to the seller not later than 35 days after the auction, but if by that date Dix Noonan Webb has not received the 'total amount due' from the buyer then Dix Noonan Webb will remit the sale proceeds within five working days after the date on which the 'total amount due' is received from the buyer. If credit terms have been agreed between Dix Noonan Webb and the buyer, Dix Noonan Webb shall remit to the seller the sale proceeds not later than 35 days after the auction unless otherwise agreed by the seller.

18 If the buyer fails to pay to Dix Noonan Webb the 'total amount due' within 3 weeks after the auction, Dix Noonan Webb will endeavour to notify the seller and take the seller's instructions as to the appropriate course of action and, so far as in Dix Noonan Webb's opinion is practicable, will assist the seller to recover the 'total amount due' from the buyer. If circumstances do not permit Dix Noonan Webb to take instructions from the seller, the seller authorises Dix Noonan Webb at the seller's expense to agree special terms for payment of the 'total amount due', to remove, store and insure the lot sold, to settle claims made by or against the buyer on such terms as Dix Noonan Webb shall in its absolute discretion think fit, to take such steps as are necessary to collect monies due by the buyer to the seller and if necessary to rescind the sale and refund money to the buyer.

19 If, notwithstanding that the buyer fails to pay to Dix Noonan Webb the 'total amount due' within three weeks after the auction, Dix Noonan Webb remits the 'sale proceeds' to the seller, the ownership of the lot shall pass to Dix Noonan Webb.

20 Charges for withdrawn lots

Where a seller cancels instructions for sale, Dix Noonan Webb reserve the right to charge a fee of 15% of Dix Noonan Webb's then latest estimate or

middle estimate of the auction price of the property withdrawn, together with Value Added Tax thereon if the seller is resident in the European Union, and 'expenses' incurred in relation to the property.

21 Rights to photographs and illustrations

The seller gives Dix Noonan Webb full and absolute right to photograph and illustrate any lot placed in its hands for sale and to use such photographs and illustrations and any photographs and illustrations provided by the seller at any time at its absolute discretion (whether or not in connection with the auction).

22 Unsold lots

Where any lot fails to sell, Dix Noonan Webb shall notify the seller accordingly. The seller shall make arrangements either to re-offer the lot for sale or to collect the lot.

23 Dix Noonan Webb reserve the right to charge commission up to one-half of the 'stated rates' calculated on the 'bought-in price' and in addition 'expenses' in respect of any unsold lots.

General conditions and definitions

24 Dix Noonan Webb sells as agent for the seller (except where it is stated wholly or partly to own any lot as principal) and as such is not responsible for any default by seller or buyer.

25 Any representation or statement by Dix Noonan Webb, in any catalogue as to authorship, attribution, genuineness, origin, date, age, provenance, condition or estimated selling price is a statement of opinion only. Every person interested should exercise and rely on his or her own judgement as to such matters and neither Dix Noonan Webb nor its servants or agents are responsible for the correctness of such opinions.

26 Whilst the interests of prospective buyers are best served by attendance at the auction, Dix Noonan Webb will, if so instructed, execute bids on their behalf. Neither Dix Noonan Webb nor its servants or agents are responsible for any neglect or default in doing so or for failing to do so.

27 Dix Noonan Webb shall have the right, at its discretion, to refuse admission to its premises or attendance at its auctions by any person.

28 Dix Noonan Webb has absolute discretion without giving any reason to refuse any bid, to divide any lot, to combine any two or more lots, to withdraw any lot from the auction and in case of dispute to put up any lot for auction again.

29 (a) Any indemnity under these Conditions shall extend to all actions, proceedings costs, expenses, claims and demands whatever incurred or suffered by the person entitled to the benefit of the indemnity.

(b) Dix Noonan Webb declares itself to be a trustee for its relevant servants and agents of the benefit of every indemnity under these Conditions to the extent that such indemnity is expressed to be for the benefit of its servants and agents.

30 Any notice by Dix Noonan Webb to a seller, consignor, prospective bidder or buyer may be given

by first class mail or airmail and if so given shall be deemed to have been duly received by the addressee 48 hours after posting.

31 These Conditions shall be governed by and construed in accordance with English law. All transactions to which these Conditions apply and all matters connected therewith shall also be governed by English law. Dix Noonan Webb hereby submits to the exclusive jurisdiction of the English courts and all other parties concerned hereby submit to the non-exclusive jurisdiction of the English courts.

32 In these Conditions:

(a) 'catalogue' includes any advertisement, brochure, estimate, price list or other publication;

b) 'hammer price' means the price at which a lot is knocked down by the auctioneer to the buyer;

(c) 'total amount due' means the 'hammer price' in respect of the lot sold together with any premium, Value Added Tax chargeable and additional charges and expenses due from a defaulting buyer in pounds sterling;

(d) 'deliberate forgery' means an imitation made with the intention of deceiving as to authorship, origin, date, age, period, culture or source which is not shown to be such in the description in the catalogue and which at the date of the sale had a value materially less than it would have had if it had been in accordance with that description;

(e) 'sale proceeds' means the net amount due to the seller being the 'hammer price' of the lot sold less commission at the 'stated rates' and 'expenses' and any other amounts due to Dix Noonan Webb by the seller in whatever capacity and howsoever arising;

(f) 'stated rate' means Dix Noonan Webb published rates of commission for the time and any Value Added Tax thereon;

(g) 'expenses' in relation to the sale of any lot means Dix Noonan Webb charges and expenses for insurance, illustrations, special advertising, packing and freight of that lot and any Value Added Tax thereon;

(h) 'bought-in price' means 5 percent more than the highest bid received below the reserve.

33 Vendors' commission of sales

A commission of 15 percent is payable by the vendor on the hammer price on lots sold.

34 VAT

Commission, illustrations, insurance and advertising are subject to VAT if the seller is resident in the European Union.
